Summary

Strategic Program Manager with 10+ years leading compliance, data analytics, and AI/ML initiatives across regulated industries. Expert in extracting insights from complex datasets using SQL, Python, and AI tools to drive executive decision-making, optimize Third-Party Risk Management (TPRM), and streamline business conduct approvals. Proven success aligning engineering, legal, and risk stakeholders to deliver scalable compliance frameworks and AI-enabled governance programs. Recognized for transforming data into actionable strategy and accelerating program velocity through automation and cross-functional consensus.

Skills

Core Competencies

- **Data & AI:** SQL, Python, Power BI, Microsoft Fabric, AI/ML for Productivity, Data Storytelling, Insight-to-Decision Frameworks
- **Compliance & Risk:** Third-Party Risk Management (TPRM), Regulatory Compliance (SOX, GDPR), Data Governance, Audit Readiness
- **Program Leadership:** Strategic Planning, Release Management, KPI Design, Scalable Process Development, Risk-Based Prioritization
- **Stakeholder Enablement:** Executive Communication, Consensus Building, Technical & Non-Technical Translation, Cross-Functional Collaboration

Experience

Prime 8 Consulting @ Microsoft
